

## This is Your society It's Up To You!

We need your help to keep our society running for the enjoyment and engagement of our members

Sadly For the moment we can no longer hold the indoor meetings which have been our main point of contact

We need to have means to contact you all, and emails and digital bulletins are going to be more and more important.

From October until Christmas our presentations will be online by Zoom and details of this will be found in Fieldfare

- 1.If we do not all ready have your email address **PLEASE** send it to us by contacting **LINDA CLARK OR PETER SCOTT** at the addresses found in Fieldfare
2. Delivering paper copies of FF is now more difficult than ever. **PLEASE** consider accepting a digital copy, which is in full colour, and which will reach you more quickly than the paper copy.

If you are willing to change from paper to digital **please inform Peter Scott**

- 3.We are in need of more volunteers to deliver the paper copies. **PLEASE** consider whether you would be able to assist with this and if you think can please contact **JOHN RODGERS**
4. If you have friends or family who are interested in wildlife - many people have become more aware of nature during lockdown - do forward Fieldfare to them ( just once or twice!) - and try to encourage them to join us
5. **PLEASE** contact **JOHN RODGERS** with any suggestions for the forthcoming annual programme, requests or ideas to improve our society

**Remember It is YOUR society!**

**JOHN RODGERS** has agreed to collect your responses so do contact him at 01572757278 or [rnhsbotanyrecord@gmail.com](mailto:rnhsbotanyrecord@gmail.com) or 8, Summerfield Oakham LE15 6PZ. **Thank you very much for your cooperation!**
