OTHER ARTHROPODS

ISOPODA

Common Shiny Woodlouse
Ant Woodlouse
Common Pill Woodlouse

Woodlice

Oniscus asellus
Platyarthus hoffmannseggi
Armadillidium vulgare

May KQ (in woodland), BO (many)
May BOQ (in a nest of Yellow Meadow ants)
May KQ (very common), BO

GASTROPODA

Large Black Slug

Slugs

Arion ater ater

June Bden (many – including brown/red form), RWLynd (6, black form)

Dusky Slug
Common Grey Field Slug

Arion subfuscus
Derocerus reticulatum

August QF
May KQ (in woodland)
May WHC

GASTROPODA

Common Garden Snail
Toothless Column Snail
Brown-lipped Snail

Land Snails

Cornu aspersa
Columella edentula
Cepaea nemoralis

May KQ, BOQ
Sept KQ, (2) of this tiny (<2 mm)
May KQ (shell)
June BO

White-lipped Snail

C. hortensis

August RW (in woodland)
May KQ (numbers of 3-colour seen), PC
June RWLynd, HambW (2)
July SM (several in hedge)

Kentish Snail

Monacha cantiana

August CQ (<10), RWLax (yellow form)
May KQ (shell), v5 (many), BOQ (2 juv)
August RW (in woodland)
June QF, BOQ

Rounded Snail

Discus rotundatus

May PC, under bark of fallen tree
June BO (2), HambW

Strawberry Snail

Trochulus striolatus

May KQ (in woodland), BOQ
June QF, CPW (juv), RWLynd (2), HambW (several)

Plaited Door Snail

Cochlodina laminata

May KQ (2 shells), WhC

Prickly Snail

Acanthinula aculeate

May KQ (shell)

Cellar Glass Snail

Oxychilus allarius

May WhC

Draparnaudi's Glass Snail

O. draparnaudi

May PC
